

## Serena in Korea

Our little Serena embarked on the Korean adventure until July as part of her studies. This new experience is enriching and exciting for her, but her daily means of subsistence are very frugal, reduced to her minimal scholarship. If you wish to contribute to her life project with a small one-off or monthly financial contribution (5 to 10 dollars), she will gratefully appreciate it. In advance, thank you! Hedwige Here, you can make your contribution to the kitty by clicking on "I Participate": • Entries are free, • The site is completely secure. Thank you all.
