## pc to make music

Hi! I'm the remix creator for the B-W4RLD channel. In the next few months I'd like to buy a powerful odinator to allow me to create my own phonk sounds. Unfortunately I don't have enough money to buy one. and yes my videos are not paid :'(

That's why I'm opening this fund, if you want to support me because you like what I do even if you only give me 1\$ it would help me a lot !!!
