

# Rescue Bellow

hello everyone! a few weeks ago I met Bellow, a little 6 month old dog living in the jungle, adorable and who I had a huge crush on! I refuse to leave her here without care! I plan to go back and get her and bring her back to France with me to take care of her and see her grow with the love she deserves to receive. For this I called on an animal rescue association located in Bali, to give him his vaccinations, his care, his papers and arrange his plane ticket. Unfortunately transport from Sumatra to Bali as well as other procedures are very expensive... that's why today I'm making this pot in the hope of raising enough funds to recover Bellow. The amount of the procedures is approximately €2000. Obviously all funds collected will be for the SOLE purpose of helping Bellow and if we ever manage to raise more, I undertake in my honor to pay the remainder of the amount to the association! Thank you all for your help ?
