Dear Friends, Our beloved David is turning 40 on the 16th of August!!! We are indeed getting old! As some of you have asked me for ideas to gift David I have decided to create this kitty for him. As many of you know already David is mostly excited to start a new adventure studying a Masters in Milan. I believe that a little financial help to accompany him in this new adventure, is what would make him the happiest! And well, perhaps if we find the time a little trip in September...but to be seen. So, if you would like to contribute and leave a message for him I will surprise him on his birthday day with this kitty. He has probably contacted you already as he wants to have a celebration-pool party- in Arenys de Mar, so if you can join us that day, 16th of August, we will surprise him altogether! Big hugs to you all!
